

Technical AT-A-GLANCE

Product Code
QU03
Equipment Size
5800L x 5050W x 2600H
Minimum Space
9290 x 8997
Free Height of Fall
2.3m
Safety Surface Area
53m ²

All steel equipment manufactured by Play & Leisure is shotblasted to SA 2.5 before a 60-micron thick epoxy based zinc phosphate primer is applied and finally a 70 micron thick coating of polyester powder.

All Play & Leisure Ltd's equipment complies to BS EN 1176 parts 1-7, and BS EN 15312. Equipment is guaranteed for 25 years against structural failure.
