The Fairfield is an exciting play unit from our Mountain Range, combining climbing, sliding, and imaginative play opportunities in a compact design. With its enclosed climbing tower, overhead hoop challenge, slide, and interactive play panel, it encourages children to develop strength, coordination, and confidence while exploring different routes through the structure. The variety of activities helps keep play engaging and supports both physical and social development.

PLANNING

Our modular play system allows components to be mixed and matched to create the ideal play solution for each site. Platforms, slides, climbers, bridges, tunnels and play panels can be combined in countless configurations, enabling designs to be tailored to available space, budget, age range and community needs. Inclusivity is considered throughout the range, with a variety of accessible and sensory-rich play features available that can be seamlessly incorporated into designs to further enhance play opportunities for children of all abilities. This flexible approach ensures every playground delivers maximum play value while creating a unique and engaging environment for its users.
