The Play and Leisure Ltd SW1124 1 Bay Swing frame is a strong, reliable swing set designed to provide years of safe and enjoyable outdoor play. Manufactured from high-quality mild steel, it comes with a durable powder-coated finish as standard in any standard Ral colour, with the optional extra of hot dip galvanising for added protection in harsher environments.

**Specification**

Age Range:	1+ Years
Safety Area Width (mm):	1750
Safety Area Length (mm):	7000
Safety Area (m <sup>2</sup> ):	13
Free Fall Height (mm):	1500
Assembly Time:	4 hrs
People For Installation:	2

There shall be an additional area with a length of 500mm in the swing direction (front and back) free from obstacles.

**Anti Wrap Bearings**

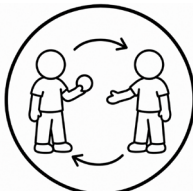

Our swing sets are fitted with anti-wrap bearings as an important safety feature to help prevent swing chains from twisting excessively around the top beam during use. By allowing controlled rotational movement, they help reduce stress on chains and fixings, improve the smooth operation of the swing, and minimise wear on moving components. Their use helps enhance user safety, reduce maintenance requirements, and extend the overall lifespan of the equipment.
